Dear Robert,

**RE "Astrology" - NMTV/Yorkshire Television**  
Further to our telephone conversation, I am writing to confirm details about the Astrology strand we are currently making for Yorkshire Televisions "Tonight" programme.

The general idea for the films are as follows:

- 1) We take 12 Yorkshire Television celebrities, Tonight presenters, Emmerdale stars, one from each sign of the Zodiac.
- 2) In each episode one of these celebrities reacts to character profiles drawn up by a team of three astrology-related experts. These experts don't know who the celebrity is when the interviews are recorded - all they have to work on is the presenters star sign.

The film intercuts between the experts theories and predictions - and the celebrities reaction to what they say.

The three astrology experts are;

- 1) **Jonathan Cainer.** Jonathan will give a basic character profile on each of the 12 signs, what personality traits they have, what their strengths and weaknesses are etc. Jonathan's films will be set in his home surrounded by astrology gadgets
- 2) **Joy Peach.** Joy is a colour analyst and she will reveal what colours suit what signs and what the colours mean.  
Joy's films will be set in various outdoor locations all relating to whatever colour she is talking about eg a Rapeseed field for Yellow, a swimming pool for turquoise etc.
- 3) **Robert Currey.** From yourself we would need 12 pieces of sync along the lines of "Sagittarians most compatible sign is the opposite sign to them in the zodiac, Gemini, they work well with Gemini's because.....they don't work so well with.....other signs they may get on with are.....", basically as we discussed on the telephone. This will take approximately 2 hours, and would simply be a case of delivering your lines to camera. The location has not yet been decided.
